Opinion of the Medical Board.

Notes.—(1) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1163 and 1165, Pay Warrant, 1913).

D. J. Bethune, Esq., M. D.,

To the Medical Board, or Medical Examiner.

The Pensions and Disabilities Board requires a report on the present condition of

233 Pte. J. S. Cashin

The object is to enable the Board to decide the degree of pension, if any, to be awarded for the next ensuing year. To this end clear and decisive answers to the questions in the accompanying report should be filled in by the Board, as it is essential that the Pensions and Disabilities Board should be in possession of the most reliable information to enable them to decide on the man's claim to Pension.

Expressions such as "may", "might", "probably", &c. should be avoided.

On page 4 of this sheet will be found the scale of Pensions as proposed for Newfoundland, by the Patriotic Association of Newfoundland.

The identity of the Pensioner should be established, to prevent personation. For that purpose a description of the pensioner and of the Disabling condition is given below. Should any items be omitted we should be glad if you will fill them in on the second copy and return to us.

Apparent age	24 on Sept. 2nd., 1914.

Two copies of a Report Form are enclosed in order that you may retain a copy in case of loss of the original in the mail. Please return your report direct to me by Registered Post.

You will please forward also, under the description of the pensioner's present condition, his signature. Please have him affix this to the copy also which you retain.

Sympathetic consideration for the pensioner is desired, but at the same time self-help is to be encouraged in every way possible. The purpose of the pension may be defeated by lowering the independence and self-respect of the pensioner.

I have the honour to be,

Sir,

Your obedient servant,

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

You do not however state how much has been paid to each man. This I could approximately arrive at, but there may be stoppages. Practically the position still remains the same as prior to despatch of my telegram. If H.M. A.F.'s O. 1809 had been rendered as requested in my memorandum 197, 17/5/15--to which I still await reply--all this delay and waste of time should have been averted.

Meanwhile these men have presumably arrived at St. John's, and there is no accurate information there to indicate what may be due them.

Please note therefore I still await a reply to my memorandum 197.

As a further attempt at eliciting this important information, I enclose Form P/K for each man made

Regarding the last paragraph, A.F.

It is very necessary that Head-

If you have not got these forms,
 doubtless you can get a few from

I beg to state that the following checks were issued to Mrs. Benoit, ~~for~~ November 28th, \$30.00, December 11th \$9.00 and January 6th \$18.60.

These checks had been paid by the Bank, and returned to us. The checks bear endorsement of Mrs. Benoit, two of which are witnessed by A.G.Butler and the third by Frank White.

I presume Mrs.Benoit has made a mistake in saying she has not received those checks.

I am in receipt of your letter of Sept. 11th returning check and voucher, in connection with J.B. Cashin as requested in my telegram. I now enclose check in Cashin's favour for \$6.3, and voucher for same, together with form of discharge

This is the balance due Cashin by the 1st Newfoundland Regiment, and I will thank you to have him sign the discharge and voucher, and hand him the check, returning the other papers to me.

Yours truly,

Deputy Paymaster.

Sir

In compliance with your Telegram received just now, re John Cashin's affairs-

I return you all papers sent me in reference thereto together with Cheque, all of which will I hope reach you safely-

I was not home for a part of time since receiving the cheque and papers, and so did not see Mr. Cashin to pay him.

I hope it may be better for him and that he will be considered to more advantage for him than to be discharged

Some time since I wrote Hon. P. J. MacCarthy Esq re Cashin, and I there fully put view entertained here about as to his being discharged or dismissed the Regiment as it seems, he should get some home employment, unless there are valid reasons against same. He appears 'physically fit' being a crack batsman and footballer and the 1st player who enlisted here for defence of Empire and truly Newfoundland
