Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

Insert 13.

21. (a.) State whether the disability is clearly attributable to—

- (i.) Service during the present war; *Yes*
- (ii.) Climate;
- (iii.) Ordinary military service;
- (iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or
- (v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it? *G.S.W.*

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:— 100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil. *nil*

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend— *for general service - Yes*

- (a) Discharge as permanently unfit, or
- (b) Change to England?

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

- (a) Sanatorium;
- (b) Hospital;
- (c) Convalescent home;
- (d) Asylum; or
- (e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 1275 of 1917, is any surgical appliance recommended?

Your remarks are noted. In this connection I beg to advise, that considerable extra work has been entailed and numerous additional telegrams have had to be sent by this Department owing to delays, which in many cases, appear to be unreasonable, in making payment to soldiers.

In the present instance it would appear, that there is a necessity for having some one in your office to keep in touch with cable transfers and to see whether you hold any such for any soldier who may report at your office from the Expeditionary Force.

There also appears to be some delay in making payments to men at Winchester, but where the cause of this delay is to be placed, I cannot say. It seems to me advisable to have instructions issued from your office, that these payments be made to soldiers at the Depot immediately on receipt of advice from you, by the Commanding Officer. I have no doubt that if you will use your good offices and see that amounts are forwarded promptly, and that the O.C. at the Depot be instructed to make prompt payment, that a great deal of unnecessary work in connection with these transfers, will be avoided.

Your remarks are noted. In

this connection I beg to advise, that
considerable extra work has been en-
tailed and numerous additional tele-
grams have had to be sent by this
Department owing to delays, which in
many cases, appear to be unreasonable
in making payment to soldiers.

In the present instance it
would appear, that there is a necessi-
ty for having some one in your office
to keep in touch with cable transfers
and to see whether you hold any such
for any soldier who may report at
your office from the Expeditionary
Force.

There also appears to be some
delay in making payments to men at
Winchester, but where the cause of
this delay is to be placed, I cannot
say. It seems to me advisable to
have instructions issued from your
office, that these payments be made
to soldiers at the Depot immediately
on receipt of advice from you, by the
Commanding Officer. I have no doubt
that if you will use your good office
and see that amounts are forwarded
promptly, and that the O.C. at the
Depot be instructed to make prompt
payment, that a great deal of un-
necessary work in connection with
these transfers, will be avoided.

Acting
Minister of Militia.

him, N. F. P.80 was forwarded as customary 8/2/18, and up to the present date no reply has reached this office. Cleary arrived in London on furlough from France 9/2/18 and reported at this office but did not enquire about any remittance, and naturally the question of sending the money to him did not arise until your telegram was received, when it was remitted forthwith.
