Descriptive Return of a Soldier Discharged on Account of Disability.

INSTRUCTIONS—This form is to be completed in the case of every discharged soldier whose claim to pension, on account of disability, is to be submitted for the consideration of the Pensions and Disabilities Board.

This section should be completed in the Hospital at which a man is attending at the time of his examination by a Medical Board, or, if the man is not in Hospital, by the Medical Officer of the Unit or Command Depot. The Soldier should be given a full opportunity of examining it, as, if awarded a pension, his subsequent identification depends on his confirming this declaration. The "Rank," "Station" and "Date" should be in his own handwriting.

The form will then be attached to the Proceedings of the man's Medical Board and will be forwarded to the O. i/c Records together with the remainder of the man's documents.

Changes occurring in the description subsequent to the date of admission to pension should be noted in red ink.

DISABILITY OR DISABILITIES IN RESPECT OF WHICH PENSION WAS GRANTED.

DISABILITY	PENSION GRANTED IN RESPECT OF :— (a) ATTRIBUTABILITY or (b) AGGRAVATION (To be completed in Awards)	DISABILITY CODE NUMBER (To be completed by Board)
<u>G.W. Foot (R.)</u>		<u>9</u>

To prevent personation the Medical Officer is requested to identify the man before examination as to state of health. This can usually be done by comparison of signature, personal description, or marks on body. In cases of doubt questions should be asked, based on the records of service, the answers to which would not be known to a personator, such as the nature of illness mentioned in the Medical History Sheet, or offences in the Defaulter Sheet, &c., for which purpose the whole of his Discharge Documents are annexed.

The Minister of Pensions requires a Medical Report on the state of health of the Pensioner above-named, to assist him in determining on his claim to a further grant of Pension. The paper when completed, together with the Discharge Documents, to be returned to—

MINISTRY OF PENSIONS,
MEN'S AWARDS BRANCH,
BROMYARD AVENUE,
ACTON, LONDON, W.3.

1.—Are you satisfied that the man before you is the Seaman, Soldier or Airman referred to in Discharge Documents sent herewith? (See instructions on page 1.)

Wt. 100. 1.

Yes age 39
Ht. 5 ft 5 1/2

2.—Describe the present state of the disability or disabilities shown on page 1 of this form giving:—

- (a) Man's complaints. (b) Symptoms and Physical Signs. (c) Effect of disability or disabilities on function.

Also state (d) Whether any change of diagnosis is involved.

Carpenter, working part time on account of slackness. No treatment lately. 4% pain rt. ankle to back of knee after working or walking a short distance. Ankle seems weak.

G.S.W. Rt. Foot

Scar over base of big toe, healed & loosely adherent to bone. Hallux Valgus is present. 2nd toe is clawed. Remaining toes are normal.

Owing to 2nd toe being lifted the big toe is coming in towards the 3rd toe & 2nd toe rides on top of these two toes causing prominences 1st m. p. joint & 2nd toe which are pressed on by shoes worn.

Deuotomy of extensor tendon of 2nd toe & suitably made shoes would give much improvement & this has been recommended.

Heart + lungs N.A.D.

Urine - no alt.

Does not wish for operation at present as his wife is ill in bed. Will report later.

Without operative treatment the condition will probably get worse; operation will prevent further deterioration but there would still be an under 20% disability remaining.

3.—(i) Is the condition of the Disability, or the Disabilities together, final and stationary?

(ii) If not, is re-examination advised, at the expiration of 6 months?.....

12 months? *Yes*.....

More than a year?.....

4.—What is the degree of disablement at which, in the Board's opinion, he should be assessed in respect of the disability or disabilities shown on page 1, independent of Hospital or other treatment? (Assessment to be stated in words as well as figures.)

DISABILITIES			COMBINED ASSESSMENT FOR ALL DISABILITIES

(With regard to disabilities assessed at under 20 %, See M.P.M.S.D. 57 Supplement 3D).

5.—If this case has hitherto been accepted by the Ministry as a case of aggravation by service during the Great War, have the effects of aggravation passed away?

6.—If the above Assessments have been arrived at after discounting any "other condition" (e.g. personal habits, misconduct, etc.) the facts should be fully stated and the method of arriving at the Assessment indicated. (See M.P.M.S.D. 57 Supplement 5).

Re old G.S.W. left elbow. No deformity in arm. Movements at elbow free in all directions. No crepitus in joints. No sign of any inflammation or infection about old scars. No disability at present time from this injury.

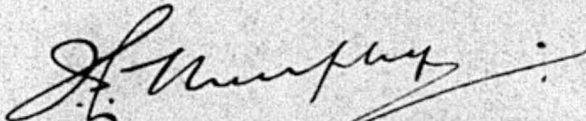

This man has a gunshot wound of the right foot. This wound was between the 1st and 2nd toes and apparently does not involve the bone. The scar had deformed the second toe and put it in a dorsi-flexed position. He has a moderate Hallux Valgus. He has a fallen transverse arch with calluses underneath the heads of the 1st metatarsal. I would consider that he would be well treated with a Whitman Arch Support with a metatarsal extension. I do not think a metatarsal bar on his boot would be satisfactory as he has to do climbing on a ladder.
