Active Service.

Opinion of the Medical Board.

Clear and decisive answers to the following questions are to be carefully filled in by the Board, the case being involved. It is essential that the Member of Pension should be in possession of information to enable him to decide upon the man's claim to pension.

- Answers such as "may", "might", "probably", &c. should be avoided.
- Degrees of pension vary directly according to whether the disability is, (1) caused or aggravated by present war, (2) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the nature of a disability to determine between them.
- (iv). In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
