## Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

- (ii.) Expressions such as "may," "might," "probably," &c., should be avoided.
- (iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913.)
- (iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
- (v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

*active service*

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

*Sprain of wrist on active service*

21. Has the disability been aggravated by

(a) Intemperance?

*no*

(b) Misconduct?

*no*

(c) Any of the conditions mentioned in question 20, and if so, which?

*no*

22. Is the disability permanent?

*yes*

23. If not permanent, what is its probable minimum duration?

*not applicable*

To be stated in months.

*23. a.*

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

*no*

*50 per cent*

In defining the extent of his inability to earn a livelihood, estimate it at  $\frac{1}{4}$ ,  $\frac{1}{2}$ ,  $\frac{3}{4}$ , or total incapacity.

24A. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Insurance Act?

*no*

25. If an operation was advised and declined, was the refusal unreasonable?

*not applicable*

26. Do the Board recommend

(a) Discharge as permanently unfit,

~~(b) Change to England?~~

*Yes, Discharge as permanently unfit for military service of any kind.*

NOTE.—This Army Form will be given to all patients in Hospital to complete who are suffering from a disability sufficiently serious to make discharge probable. In the event of the man being brought before a Medical Board for discharge, this Army Form will be produced to the Board, together with other documents laid down in para. 4 (ii), item 3, of Army Council Instruction No. .... of 1916.

When the soldier who is to be brought before a Medical Board is not a patient in Hospital, and in substitution cases, these instructions will be carried out by the man's C.O.

# Descriptive Return of a Soldier discharged on account of Disability.

INSTRUCTIONS.—This form is to be completed in the case of every discharged soldier whose claim to pension, on account of disability, is to be submitted for the consideration of the Commissioners of Chelsea Hospital.

Statement A should be completed in the Hospital at which the man is attending at the time of his examination by a Medical Board, and the soldier should be given a full opportunity of examining it, as, if awarded a pension, his subsequent identification depends on his confirming this declaration. The "Rank," "Station," and "Date" should be in his own handwriting.

The Form will then be attached to the Proceedings of the man's Medical Board, to be completed by the Officer i/o Records when received by him, and will be forwarded by him, together with the remainder of the man's documents, to the Secretary, Royal Hospital, Chelsea, London, S.W.

Changes occurring in the description subsequent to the date of admission to pension should be noted in red ink.

Dear Colonel

I am pleased to acknowledge receipt of Memorial Scroll and message from Ber King in relation to our late son Mortimer L. Hawker. His Mother and I regret that a mistake has been made in his name on the Scroll MARTIN instead of MORTIMER, and I desire to know how we may set it right. I may say also that on several occasions since his enlistment I noticed a similar error and wrote the Department asking that a correction be made; and as I understand that a record will be published at some future date, I would deem it a great favor if you will have the matter attended to for us.

Trusting I am not troubling you too much and thanking you for your very nice covering letter with the Scroll and message.

Dear Mr. Hawker:

I acknowledge receipt of your letter of August 31st together with Memorial Plaque of your son Matimer L. Hawker. I shall have the correction made on this Plaque as requested.

I beg to say with regard to your enquiry relative to the Cemetery Register, and Lieut. Col. Hangle's address, that I have not received any intimation from Lieut. Col. Hangle when he expects to have the Cemetery Register issued. His present address is 39 Victoria Street, London, S.W.1.

The headstones for soldiers buried in Newfoundland will be ready for shipment to this country about October; and this Department expects to be able to forward them to the next of kin about the last of October or early in November.

Dear Sir,

Yours of July 1st. to hand and in reply I beg to say that to qualify for the Victory Medal a soldier must have served in a theatre of war between the 4th. of August, 1914, and the 11th. of November, 1918. Yourson unfortunately had no Field Service.

With regard to the headstones, I am instructed to say that the same have been expected since last March and that Colonel Hangle has taken the matter up with the Director of Works.

Col. Hangle returns to England on the 10th. inst. and this will be one of the first matters to receive his attention, so that we

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

- 9. Date of origin of disability. January - 1917
- 10. Place of origin of disability. Ayr
- 11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case. He states that in October 1916 he sprained his wrist whilst signalling. He was not off duty on this occasion, but had wrist painted with Iodine & massage. There was no improvement, & he was admitted to 3rd Scot Gen. Hosp. on 29.1.17. On 15.2.17 pus was evacuated from wrist, after incision, but very little found - X-Rayed & plates showed disintegration of bones of left wrist - was sent to Aux. Hptl - returned to Central Hptl 5.5.17 with wrist & hand very much swollen & inflamed. On 7.5.17 incision was made & large quantity of pus evacuated & pieces of disintegrated bone removed. No improvement followed & general condition became worse. 2.11.17 left hand was amputated above wrist.
- 12. Give your opinion as to the causation of the disability, stating whether in your opinion it is—
  - (a) attributable to or aggravated by service during the present war, climate, or ordinary military service. (The specific condition to which it is attributed should be stated, see Notes on page 3). Predisposition to tuberculosis.
  - (b) constitutional or hereditary, and not aggravated by service during the present war. Tuberculosis focus started & aggravated by injury received whilst on ordinary Military Duty.
  - (c) attributable to or aggravated by want of proper care on the man's part, e.g., intemperance, misconduct, &c.

General condition much improved since amputation of hand, but still below normal.  
 Left hand amputated above wrist. Stump now healed and ready for artificial limb. There is a tuberculous ulcer on right great trochanter.  
 12.10.17 Ulcer scraped AR

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

14. If the disability is an injury, was it caused—

- (a) In action?
- (b) On field service?
- (c) On duty?  Yes
- (d) Off duty?

15. Was a Court of Inquiry held on the injury?

- If so—(a) When?
- (b) Where?

} Not applicable

18. In case of loss or decay of teeth. Is the loss of teeth the result of wounds, injury or disease, directly\* attributable to active service?

19. Give particulars of any other disabilities existing, but not in themselves sufficient to cause invaliding, and state whether they are attributable to or have been aggravated by service during the present war.

20. Do you recommend—  
 (a) Discharge as permanently unfit, or  
 (b) Change to England?

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

- (i.) Service during the present war;
- (ii.) Climate;
- (iii.) Ordinary military service;
- (iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or
- (v.) Whether it is constitutional or hereditary.

*Active Service*

*No*

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

*Sprain of wrist on Active Service*

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

*Yes*

24. If not permanent, how soon do the Board recommend re-examination?

*not applicable*

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

*Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.*

*50 percent*

26. If an operation was advised and declined, was the refusal unreasonable?

*not applicable*

27. Do the Board recommend—

- (a) Discharge as permanently unfit, or
- (b) Change to England?

*Yes discharge as permanently unfit for Military service of any kind*

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

- (a) Sanatorium;
- (b) Hospital;
- (c) Convalescent home;
- (d) Asylum; or
- (e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 144 of 1917, is any surgical appliance recommended?

30. Does the man require the constant attendance of another person?

Dear Sir,

Replying to your favour of 19<sup>th</sup> inst.  
I could arrange for this work of  
erecting this headstone to No 2292 Ste. Mch.

in place with very little to do I am trying  
to get him interested, which I know he  
will be, and the matter will be satisfactorily  
arranged just as soon as the stone  
arrives. It will be a pleasure to me  
to see the matter done properly

Stipendary Magistrate,  
Carbonear.

Dear Sir:

I thank you for your letter of 23rd inst. in relation to the treatment of the grave of No. 2292 Pte. M.L. Hawker.

Will you kindly inform Mr. Hawker that it is desired to have the outside measurements of the curb 3 feet by 8 feet, and for a single grave I am of opinion that a 5 inch thick curb would look neater than a 6-inch one (previously mentioned).

I am having the stone sent to the station tomorrow for shipment. I would suggest that if the stone is set in the concrete while the curb is being made it would be firmer.

Yours very truly,

Lieut. Col.  
Chief Staff Officer.
