Dear Madam:

I am in receipt of your letter of February 3rd re your loss by fire of a sum of money, and in reply to your application for a re-fund of this amount by the Department of Militia I would say that you have evidently been misinformed by somebody when you claim re-payment by this Department. If at the time of the fire you had your house insured your course is to apply for the loss incurred to the Insurance Company with whom you held the policy.

The Department of Militia is purely Military, and is under no circumstances liable for payment of such claims as you bring forward in your letter,

Yours sincerely,

14 (a). If not due to any of these causes, to what specific condition do you attribute it ?

In all cases such as facial injuries, eye, ear, nose and throat, disabilities, etc., a specialist's report is to be attached with radiographs where possible; and in cases of amputation the exact position should be stated.

15. What is his present condition ?

(A note should be made as to Weight in all cases when it is likely to afford evidence of the progress of the disability.)

All wounds now healed, complain of pains in back due to old myalgia

16. Was an operation performed? If so, when and what was its nature?

17. If not, was an operation advised and declined?

18. *In the case of loss or decay of teeth,—Is the loss of teeth the result of wounds, injury or disease directly attributable to active service or through service under such conditions that dental treatment was unobtainable?

19. Give particulars of any other disabilities existing, but not in themselves sufficient to cause invaliding. State whether or not they are attributable to or have been aggravated by service during the present war, and if so, to what or by what specific military conditions?

20. Do you recommend—

- (a) Discharge as permanently unfit?
- (b) Change to United Kingdom?

Note—(b) is only applicable to soldiers invalided at Foreign Stations.

* Loss of teeth on or immediately after active service, should be attributed thereto, unless there is evidence that it is due to some other cause

NOTES.—(i) Clear and definite answers are to be filled in by the Board, as, in the event of a man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

Expressions such as "may," "might," "probably," etc., are to be avoided.

(ii.) The rates of pension vary according to whether the disability is (a) caused or aggravated by service in the present war. (b) Due to causes not connected with the present war, viz., (1) Previous active service. (2) Climatic diseases in pre-war service. (3) Ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

21. Give diagnosis and particulars of:—

- (a) Any disability claimed or discovered.
- (b) The present condition thereof.

22. State whether the disabilities are:—

- | | | |
|--|---------------------|-------------------|
| | (a) Attributable to | (b) Aggravated by |
| (i) Service during the present war | | |
| (ii.) Previous active service.. .. . | | |
| (iii.) Climate in pre-war service | | |
| (iv.) Ordinary military service before the war | | |
| (v.) Serious negligence or misconduct on the part of the soldier | | |
- Give details:

22 (a). If not due to any of these causes, to what specific condition do the Board attribute it?

23. Is the disability in a final stationary condition? If not

- (a) How long is the present degree of disability likely to last?
- (b) If the present degree of disability is not likely to last 12 months can a further assessment at a reduced rate be made with reasonable confidence to cover a period of 12 months in all? If so, the reduced percentage and the period to which it will be applicable should be indicated in the answer to Question 24a.

Descriptive Return of a Soldier Discharged on Account of Disability.

INSTRUCTIONS—This form is to be completed in the case of every discharged soldier whose claim to pension, on account of disability, is to be submitted for the consideration of the Pensions and Disabilities Board.

This section should be completed in the Hospital at which a man is attending at the time of his examination by a Medical Board, or, if the man is not in Hospital, by the Medical Officer of the Unit or Command Depot. The Soldier should be given a full opportunity of examining it, as, if awarded a pension, his subsequent identification depends on his confirming this declaration. The "Rank," "Station" and "Date" should be in his own handwriting.

The form will then be attached to the Proceedings of the man's Medical Board and will be forwarded to the O. i|c Records together with the remainder of the man's documents.

Changes occurring in the description subsequent to the date of admission to pension should be noted in red ink.

- (b) constitutional or hereditary, and not aggravated by service during the present war.
- (c) attributable to or aggravated by want of proper care on the man's part, e.g., intemperance, misconduct, &c.

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

All wounds now healed. Complaints of pains in back due to old myalgia

14. If the disability is an injury, was it caused—

- (a) In action?

Opinion of the Medical Board.

Notes—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

Complains of pain in back. No complaint from wounds

1. (a.) ~~Has~~ whether the disability is clearly attributable to—

- (i.) Service during the present war;
- (ii.) Climate;
- (iii.) Ordinary military service;
- (iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or
- (v.) Whether it is constitutional or hereditary.

Constitutional

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:— 100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—

- (a) Discharge as permanently unfit, or
- (b) Change to England?

Unfit for General Service

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

- (a) Sanatorium;
- (b) Hospital;
- (c) Convalescent home;
- (d) Asylum; or
- (e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 144 of 1917, is any surgical appliance recommended?

30. Does the man require the constant attendance of another person?
