C.R. ~~2149~~

St. John's,
June 12th, 1915.

A. E. Hickman, Esq., M.H.A.,
Minister of Militia,
Dept. of Militia.

Dear Sir:

In response to a call from the Imperial Army for men trained in the St. John's Ambulance Brigade, or interested in medicine, we the undersigned, Non. Com. Officers and men offered our services, and were drafted to England with "G" Company of our Regiment in October 1915.

The Newfoundland Government paid our passages, and gave us the status of a Newfoundland soldier. On arriving in London, we were enlisted in the Imperial Royal Army Medical Corps, and received 1/6 per day pay. The money was not sufficient for our needs, and we received on an average from home \$500.00 cash. The Royal Naval Reserve had the Imperial rate pay augmented to bring it up to the pay of the soldier in the Regiment. We are convinced that our claims in a similar one, that we were doing our duty to our country and Empire as well as the soldiers in our Regiment and the sailors in the Royal Naval Reserve, and so we ask that our pay be augmented to make it equal to the rate of the Royal Newfoundland Regiment and the Royal Naval Reserve, for the period of time we served in the Imperial forces.

Three of us served for 9 months with medical corps, and one for 14 months, after which we were all transferred to our own Regiment, and all of us have seen service in the field for 18 months or longer. Two of us were prisoners of war, one for one year, and the other for 1 year and 6 months. The remaining two were invalided to England due to wounds received in action.

We were all College Students and are having difficulty in financing ourselves to meet our College expenses. We had all matriculated, and were accepted at various Colleges, and through our foregoing career. We overseas, our expenses have now been increased approximately 50% which means an increase in our expenses from \$1500.00 to \$1800.00. We feel sure that you will readily see and appreciate the facts which we bring before you. Our claim is just. We as students, have made greater sacrifice than any other section of the Community, and the money we are now asking for, if granted is to be spent on education, so that we may fit ourselves the better to advance and assist in the reconstruction necessitated by the demands of four years of War. Two of us students have finished with the usual measure of success for the first year at College, and in the short space of three years we shall be glad as professional men returning to practice in our country.

In presenting this claim, we solicit your careful consideration of the facts which we place here before you, and trust that we shall receive a favourable reply to our request.

We remain, Sir,
Your obedient servants,
Signed,

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is, (a) caused or aggravated by service in the present war, (b) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic diseases in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war;

(ii.) Climate;

(iii.) Ordinary military service;

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or

(v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—

(a) Discharge as permanently unfit, or

(b) Change to England?

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 144 of 1917, is any surgical appliance recommended?

30. Does the man require the constant attendance of another person?

Sir:-

Your letter of Nov. 30th forwarding letters from Mr. J.S. Woods and Mr. F.H. James, Toronto, has been duly received

I sent a cable to the Dept. of Militia and Defence, Ottawa, asking whether the Canadian Government paid Imperial educational grants at par in the same way as they redeem Imperial gratuities at par by arrangements with Canadian Banks. I am now in receipt of reply which reads as follows:-

"Militia, St. John's, No. 1087 In reply to your telegram 7th Dec. Finance Dept. has ruled educational grants Imperial Government not redeemable at par"
" (Sgd.) Accountant, Militia"

It would appear that the cases of the two correspondents in question are the same as similar cases of Canadian soldiers in receipt of Imperial educational grant, so that it becomes a matter of decision by the Honourable the Executive Government as to whether they will order this Dept. to make up the shortage caused by the low rate of exchange.

I am returning the correspondence forwarded by you please.

Dear Colonel Rendell:-

I enclose herewith two letters, one under date Oct. 17th from Mr. J.S. Woods, Sackville, and the other from Mr. F.H. Ja es, Toronto, dated Nov. 9th, both of whom, with Mr. M. Stick, at Sackville, are receiving a grant from the Imperial Government towards their education. They were in the Regiment, and the grant is given them in consideration of their military service

The difficulty now is that the low rate of exchange does not give them so many dollars for the sterling amount as was anticipated, and they are therefore, short. This shortage is made worse by the fact that all fees and board charges have risen in Canada. They state that the Canadian Government pays to the Canadian soldiers the difference between what they receive and the par rate of exchange, and they ask that the Newfoundland Government treat them in the same way. Will it be possible for you to find out what the Canadian Government really is doing in the matter, as I presume it would be a guide for this Government in considering the question. Please return the applications with your report so that they might go before the Executive Government

Yours sincerely

2149

Sir:-

I am in receipt of your letter of Dec. 15th forwarding letter from J.S. Woods, Esq., and A.H. Salter, Esq., in relation to the Imperial Scholarships payable in Canada to certain Newfoundland soldiers.

The case of Mr. Woods was recently referred to me by the Deputy Colonial Secretary in his letter of Nov. 30th, to which was sent on Dec. 10th. On receipt of the Deputy Colonial Secretary's letter, a cable was sent to the Dept of Militia and Defence, Ottawa, in order to get Canada's ruling in connection with the redeeming of Imperial Grants to Canadian soldiers. I have their telegram in reply of Dec. 9th which reads as follows :-

"Militia St. John's, Newfoundland"

"No 108 In reply to your cable of Dec. 7th Finance
"Dept. has ruled educational grant Imperial Government
"not redeemable at par
(Sgd.O Accountant, Militia.)"

It would appear that Mr. Woods has been misinformed as to the practice of the Canadian Government in this respect; or, perhaps he is confusing the ruling of the Canadian Government and their arrangement with the Canadian Banks, whereby gratuities payable from Imperial sources to Canadian soldiers are payable at par. That ruling apparently does not extend to educational grants

I am returning the correspondence forwarded by you please.

Yours faithfully,

The Manager
Royal Bank of Canada
Sackville, N.B.

Dear Sir:-

There are one or two Newfoundland soldiers at Sackville Mt. Allison University who are in receipt of educational grants from the Imperial Government. These soldiers are claiming the difference between their grant at the current rate of exchange and the par rate. A cable was despatched from this Department to Ottawa asking whether these educational grants to members of the Canadian Expeditionary Forces, were redeemable at par in the same manner as gratuities etc., The Canadian Government making good to the Banks the difference in exchange. A reply has been received from the Dept of Militia and Defence, Ottawa stating that the Finance Depy has ruled that educational grants from the Imperial Government are not redeemable at par.

Mr. J.S. Woods, one of the Newfoundland soldiers is at present in town and states that grants for Canadian soldiers at Mt. Allison University are redeemed at par by your bank. In view of the telegram above referred to, I would be glad if you would verify Mr. Woods' statement

A reply at your convenience would be greatly appreciated

Jan. 17th, 1921

Dear Mr. Squires:-

Following the instructions contained in your letter of Dec. 28th in relation to the payment of Imperial grants to Canadian soldiers in Canada, I have the honour to state that I addressed a letter to the Manager of the Royal Bank of Canada, Sackville in connection with the case, a copy of which is attached for your information. I am now in receipt of his reply dated Jan. 6th.

In view of the telegram received from the Accountant General at Ottawa, which was quoted in a previous letter, it would appear that the Bank Manager has been making payments at par of sterling drafts without first making full enquiries as to what these drafts represented; or perhaps he has interpreted allowances and gratuities to cover educational grants. Of course it is a matter between the Canadian Government and banks in Canada to adjust such matters.

It is evident that Educational Grants are not expected to be cashed at par in Canada, although the Royal Bank at Sackville has done it apparently in error.

Yours faithfully,

Dear Sir:-

Replying to your letter of 29th inst. we may say that our instructions are - that all returned Canadian Officers and soldiers who were attached to the Imperial Forces are entitled to receive par for all sterling drafts letter and cable transfers, and money orders issued by the British Post Office representing pay, allowance, gratuities or pensions.-

You will note that Imperial grants for educational purposes are specifically mentioned. While Mr. Wood is correct in stating that we have obtained the par privilege for Canadian soldiers at the University, our impression is that these represented payments which would come under the headings mentioned above
