July 27th 1922

Dear Sir,

Replying to your letter of 21st inst., regarding Edwin Kendall who was discharged in April 1919, having served nine hundred and fifty-four days. His only illness while in the service was thirty-five days in Hospital for Gunshot wound in shoulder (Flesh), and thirty-five days later for Gonorrhoea, so that I am afraid we cannot do anything to get him in to Hospital. I would advise arranging his admission in the usual way to the General Hospital, which you might probably do through the representative for the District.

Yours truly,

Medical adviser.

Surgeo.

Dear Sirs

Re Edwin Kendall of Ramea

This man has been confined to his home for 6 months with an arthritis of the ankle. apparently of a tuberculous nature. I have seen him on three or four occasions and think it most probable that the disease is of a tuberculous origin.

Kendall is unable to pay for hospital treatment which is essential for his recovery. I should like to have his

Gentlemen

Edwin Kenall of Ramona whose discharge papers you will find enclosed is in very poor health since last fall not having been out of his house unable to walk. The muscle of his arm withered up also of one leg. This is a case I should judge for the attention of your Commission seeing he came out of the army wounded. If you will kindly spare this your best consideration and send me or Doctor Kean form of Medical examination it will have our best attention.
