Dear Sir, -

Is it possible for me to draw £2 (Two Pounds) on account?

It is pretty bad in Hospital without money. One needs Cigarettes, matches, stamps etc. When one has no friends around, it is impossible to get these things without money.

I would be much obliged, if you could let me have £2.

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war;

(ii.) Climate;

(iii.) Ordinary military service;

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or

(v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—

(a) Discharge as permanently unfit, or

(b) Change to England?

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

Above noted Warrant Officer was held on the strength after recommendation for discharge by Standing Medical Board, as we thought his services could be utilized in Depot Orderly Room. It now appears that owing to the length of time he will be in Hospital, his services will not be available, so that his discharge may now be carried out. He also requests that this be done.

Will you give same your necessary attention, please.

Above noted Warrant Officer was recommended for discharge and admission to Naval & Military Convalescent Hospital by Medical Board held on Saturday, September 14th.

Sir,-

I beg to state that on March 1st., I was re-attested as Company Sergeant-Major. The O. C., Depot informed me that I could not be re-attested as a/S.S.M., as I understood from you. He informed me that, that rank, would have to be put through as a "Promotion". I was a/R.S.M. in France for seven months, and during my term of Discharge received the pension of R.S.M.

I also hold a warrant Class II, from Aug.21st. 1916, and am, I think Senior Class II, warrant officer in the Regiment.

I hope I am not out of order in asking you to give this your attention.

I have the honour to be,

Sir,

Your obedient servant,
