Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, or total incapacity.

24a. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Health Insurance Act?

No.

25. If an operation was advised and declined, was the refusal unreasonable?

Not applicable.

26. Do the Board recommend

(a) Discharge as permanently unfit, or

OVERSEAS TRANSPORT:
REPATRIATION DRAFT NO. 41.

As indicated in documents to be handed you by Major Carty, in charge of this Draft, and as will be verbally amplified by that Officer, the bulk of the documents were still awaited from the Depot.

At 6.15 last evening a telegram was received from the O.C. 2nd Battm. asking that an additional passage might be booked for 1343, Pte. C.J. Neville, and Major Carty was requested, if Neville did report at Liverpool, to make the best arrangements he could for him.

A number of Soldiers' documents have this moment been received from the Depot. From a brief examination it would appear that it will be impossible to make the necessary copies of the documents and check the accounts in time for mail closing within a few hours.

Among these documents are some for 1089, Pte. S. Penney, which implies that he also formed part of the draft from Scotland. Presumably his name was omitted from the list furnished by the Depot, this being the first intimation of his repatriation. It is hoped that if it is a fact that he accompanied the draft Major Carty was able to arrange his inclusion on the transport.

Your Excellency will remember that during your recent visit to Trinity a young man - Hugh Palmer was presented to you. This young man had his arm blown off at Blanc Sablon while firing a salute in honor of the Duke of Cornwall and Mr Grant in whose employ he was is anxious that something may be done for him in the way of a Government pension.

Your Excellency requested me after our public meeting here to write a note to remind you of the young man and Mr Grant's request on his behalf and I must ask you to pardon my not doing so before.
