Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. He will also carefully distinguish cases entirely due to venereal disease.

- 10. Place of origin of disability.
- 11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

(a) attributable to or aggravated by service during the present war, climate, or ordinary military service. (The specific condition to which it is attributed should be stated, see Notes on page 3).  
(b) constitutional or hereditary, and not aggravated by service during the present war.  
(c) attributable to or aggravated by want of proper care on the man's part, e.g., intemperance, misconduct, &c.

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is, (a) caused or aggravated by service in the present war, (b) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war;

(ii.) Climate;

(iii.) Ordinary military service;

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or

(v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—

(a) Discharge as permanently unfit, or

(b) Change to England?

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 144 of 1917, is any surgical appliance recommended?

30. Does the man require the constant attendance of another person?

W. F. Marshall.

Sir,

When I came out of hospital on Furlough, I was advised by one of the boys in the office, to leave my kit bag in care of the Pay Office to be forwarded on here.

I brought it up to the department on the Top floss on the 30 August or 1st September and paid the man in charge there 3 s. to forward the bag on.

Up to the present I havent heard anything about it, and all I have is what I am standing in, and unless the kit bag turns up I will have

to buy new underclothing, socks  
boots, uniform etc., and this will  
cost a good sum.

I would ask you Sir, if you  
would be so kind as to inquire  
about <sup>it</sup> for me, and endeavour  
to trace it.

Perhaps it was addressed  
to the wrong camp if so I  
could go to the address that  
was on it and inquire.

Anything you could do  
in this matter Sir, would be  
greatly appreciated.

I am obliged to you for your efforts to find men suitable for employment in this office and especially for the recent tangible results: meanwhile, however, the pressing necessity for further competent assistance remains acute, to the detriment of efficiency and essential promptitude, with the effect that important work is delayed and serious errors have taken place.
