Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

- (ii.) Expressions such as "may," "might," "probably," &c., should be avoided.
- (iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165 Pay Warrant, 1913).
- (iv.) In answering question 20 the Board should be careful to discriminate between diseases resulting from military conditions and diseases to which the soldier would have been equally liable in civil life.
- (v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

NOMINAL ROLL of Sick and Wounded from the * **French****Expeditionary Force**admitted on **28th July, 1916**from Hospital Ship **Parana**

Southampton

or
Dover.

* Here insert which Expeditionary Force.

The nature of the casualty is required for telegraphing details overseas. If the details given are insufficient, reference back to the hospital for further information is rendered necessary. The following instructions should therefore be carefully followed in all Colonial cases:

(a) In the case of sickness, the nature and degree should be stated, e.g., enteric, slight.

(b) In the case of wounds, the nature of the wound, the part of the body affected, and the severity of the injury should be stated, e.g., gunshot, skull, severe.

If a limb has been amputated the fact should be recorded.

NOTE.—These rolls should be forwarded direct to the War Office, Alexandra House, Kingsway, W.C., not later than the day after admission; envelopes to be marked C. 2, Casualties; rolls are not to be telegraphed in advance. The duplicate of the rolls should be sent to the Officer in charge of Records of the Colonial Contingent concerned.

Admissions to the outlying sections of the hospital should be shown separately. If the distance of these sections should render it impossible to forward the rolls the day after the admissions, the sections should be instructed to send lists (on these Army Forms) direct to the War Office, and to the Colonial Contingent Record Office concerned.
