Further to mine of 11/9/15, I enclose copy of my memorandum No. 1300/29 to Allan Bros. & Co., and assume that Reid will be sent to embark by "Durango." If there is any other point requiring elucidation as between yourself and Allan's I suggest that in order to save time you communicate with them direct. Their address is:-

Postal:

Allan Bros. & Co. U.K. Ltd.,
 19, James Street,
 Liverpool,

Telegraphic:

Allans, Liverpool.

I hope it will be convenient for you to let me have Discharge documents per A.F.B. 268, a supply of which was recently sent you. If possible it is desirable to send these by the same ship so as to facilitate final discharge at Headquarters. I may say that in previous similar instances which happened some months ago I have not yet received the relative Discharge documents.

Kindly inform if you are communicating direct with St. John's on the subject of this man's discharge, or whether you consider it sufficient that I should do so when forwarding documents; in regard to which I may say that in view of uncertainty of overseas mails, I am not risking originals which I retain in this office and forward copies, therefore if it is practicable for you to render the documents

in duplicate

Documents in connection with the discharge of this man are being forwarded by same mail.

We are not communicating with St John's on the subject of this man's discharge as we consider it sufficient when you forward the documents.

Further to mine of 11/8/15, I enclose copy of my memorandum No. 1200/39 to Allan Bros. & Co., and assume that Reid will be sent to embark by "Durango." If there is any other point requiring elucidation as between yourself and Allans I suggest that in order to save time you communicate with them direct. Their address is:-

Telegraphics:

Allans, Liverpool.

I hope it will be convenient for you to let me have Discharge documents per A.P.B.280, a supply of which was recently sent you. If possible it is desirable to send these by the same ship so as to facilitate final discharge at Headquarters. I may say that in previous similar instances which happened some months ago I have not yet received the relative Discharge documents.

Kindly inform if you are communicating direct with St. John's on the subject of this man's discharge, or whether you consider it sufficient that I should do so when forwarding documents; in regard to which I may say that in view of uncertainty of overseas mails, I am not risking originals which I retain in this office and forward copies, therefore if it is practicable for you to render the documents

Documents in connection with the discharge of this man are being forwarded by same mail.

We are not communicating with St. John's on the subject of this man's discharge as we consider it sufficient when you forward the documents.

Epileptic Fits.

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. **Over a year ago (alleged)**
10. Place of origin of disability. **St. John's, Hfld.**
11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

I have attended Pte. Reid on several different occasions for fits of an epileptiform type. Other attacks which I have not personally witnessed, have been reported to me.

He states that the attacks are becoming more frequent, and there is a family history of similar fits.

12. (a) Give your opinion as to the causation of the disability. **Inherited weakness and almost incessant debaucheries.**
- (b) If you consider it to have been caused by active service, climate, or ordinary military service, explain the specific conditions to which you attribute it (See notes on page 3). **No.**

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

Lethargic & unintelligent almost to the degree of mental deficiency. Drunk and a defaulter very frequently indeed.

This man had another fit on the 14th inst. after being in confinement under the guard for over a month, during which time it would be impossible for him to get alcohol. I did not see the man during this fit but from the evidence obtained from the Sergt. of the Guard it was an epileptic fit, and I have seen him previously in an epileptic fit.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii) ordinary military service.

No.

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

No.

21. Has the disability been aggravated by

(a) Intemperance?

Yes.

(b) Misconduct?

22. Is the disability permanent?

Yes.

23. If not permanent, what is its probable minimum duration?

Permanent.

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Same as before enlistment.

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

No.

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service (ii.) climate, or (iii.) ordinary military service.

Not due to active service, climate or ordinary military service.

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

21. Has the disability been aggravated by

(a) Intemperance?

Yes.

(b) Misconduct?

No.

22. Is the disability permanent?

Yes.

23. If not permanent, what is its probable minimum duration?

Permanent.

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

No.

26. Do the Board recommend

(a) Discharge as permanently unfit, or

Yes. Discharge as permanently unfit.
