Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—
- (i.) Service during the present war; *Yes*

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which? *—*
23. Is the disability permanent? *Yes*
24. If not permanent, how soon do the Board recommend re-examination? *—*
25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?
Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil. *70*
26. If an operation was advised and declined, was the refusal unreasonable? *Vide 16*

(1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war; ✓

(ii.) Climate; ✓

(iii.) Ordinary military service; ✓

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or ✓

(v.) Whether it is constitutional or hereditary. ✓

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it? S. S. W.

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which? ✓

23. Is the disability permanent? ✓

24. If not permanent, how soon do the Board recommend re-examination? ✓

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil. 70

26. If an operation was advised and declined, was the refusal unreasonable? ✓ vide 16

27. Do the Board recommend—

(a) Discharge as permanently unfit, or ✓

(b) Change to England? ✓

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium; ✓

(b) Hospital; ✓

(c) Convalescent home; ✓

(d) Asylum; or ✓

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended. ✓

29. With reference to Army Council Instruction No. 144 of 1917, is any surgical appliance recommended? ✓

30. Does the man require the constant attendance of another person? ✓

Part II, No.115, of 28-6-18. This is following the usual procedure dealing with discharges.

Under these circumstances it is not possible to cancel instructions already acted upon. If these men are to be kept on Regimental strength, I submit that they should be either reattested and employed from date of their discharge and not by cancelling Part II Orders when proper authority has been received for the issue of same.

In dealing with the marginally noted man the Committee were acting on ^{erroneous} erroneous information from this department that the man had been discharged from the service.

The charge on which he was discharged was the repeated infraction of District Orders No. 2 of December 1st., 1917, both by neglect of routine duty and by distinct refusal to perform same when asked to do so.

Further, I might say, that this continued refusal was the starting point of the present trouble at Waterford Hall.

This man was boarded on June 11th. and given a disability of 80% for 3 months and recommended for "Discharge as Permanently Unfit". He, however, applied for admission to the Naval & Military Convalescent Hospital and as this was prior to the issue of orders to discharge all men who were Permanently Unfit his discharge was held up while he was in Hospital.

I shall be glad if you will order him to report for Medical Board Friday, October 4th. at 8 P. M.

With reference to the following telegram from the Minister of Militia, Newfoundland 5/4/18 (3168):-

"Payse claims £1:0:0 cabled 3370
"Reid Dec. 19th has not been paid
"send report as to".

The amount was remitted to you 31/12/17 for payment at your discretion. Your reply 27/2/18 indicated that amount was held by you. Kindly advise whether payment has since been completed to enable reply to be despatched to the above enquiry, please.

In reply to the foregoing my records show that upon receipt of the remittance of £1 from you an acknowledgment on A.B.191 that I held the sum in safe custody was handed to Pte Reid. This was produced to me on the 11th March with a request that the sum might be drawn. It was accordingly issued and I hold what purports to be Pte Reid's acknowledgment of receipt. This could be forwarded for your inspection and verification if necessary, please.
