NOTES.—(1) Clear and definite answers are to be filled in by the Board, as, in the event of a man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

Expressions such as "may," "might," "probably," etc., are to be avoided.

(ii.) The rates of pension vary according to whether the disability is (a) caused or aggravated by service in the present war. (b) Due to causes not connected with the present war, viz., (1) Previous active service. (2) Climatic diseases in pre-war service. (3) Ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

21. Give diagnosis and particulars of:—

- (a) Any disability claimed or discovered.
- (b) The present condition thereof.

22. State whether the disabilities are:—

- (i) Service during the present war
 - (ii) Previous active service
 - (iii) Climate in pre-war service
 - (iv) Ordinary military service before the war
 - (v) Serious negligence or misconduct on the part of the soldier
- Give details:

(a) Attributable to

(b) Aggravated by

22 (a). If not due to any of these causes, to what specific condition do the Board attribute it?

23. Is the disability in a final stationary condition? If not

- (a) How long is the present degree of disability likely to last?
- (b) If the present degree of disability is not likely to last 12 months can a further assessment at a reduced rate be made with reasonable confidence, to cover a period of 12 months in all? If so, the reduced percentage and the period to which it will be applicable should be indicated in the answer to Question 24a.

14. State whether the disabilities are
- (i) Service during the present war *Yes*
 - (ii) Previous active service *N.G.*
 - (iii) Climate in pre-war service *N.G.*

- 14 (a). If not due to any of these causes, to what specific condition do you attribute it? *na*

In all cases such as facial injuries, eye, ear, nose and throat, disabilities, &c., a specialist's report is to be attached with radiographs where possible; and in cases of amputation the exact position should be stated.

15. What is his present condition?

(A note should be made as to Weight in all cases when it is likely to afford evidence of the progress of the disability.)

*Scar size 5 cents

16. Was an operation performed? If so, when and what was its nature?

17. If not, was an operation advised and declined?

18. *In the case of loss or decay of teeth.—Is the loss of teeth the result of wounds, injury or disease directly attributable to active service or through service under such conditions that dental treatment was unobtainable?

19. Give particulars of any other disabilities existing, but not in themselves sufficient to cause invaliding. State whether or not they are attributable to or have been aggravated by service during the present war, and if so, to what or by what specific military conditions?

20. Do you recommend—

(a) Discharge as permanently unfit?

(b) Change to United Kingdom?
