13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

All wounds healed up.
very weak. Suffers with abdominal pain. Walking tires him out very quickly.
Not fit to perform any military duties
Not likely to be fit for further military service

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165 Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between diseases resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

Active Service

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

S.H.

21. Has the disability been aggravated by

23a. Is he fit for discharge from the service as an out-patient, and will he require out-patient treatment on discharge from hospital?

Yes

24. To what extent is the man's capacity for earning a full livelihood in the general labour market lessened at present?

Nil

In defining the extent of his inability to earn a livelihood, estimate it at 1/4, 1/2, 3/4, or total incapacity.

24a. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Insurance Act?

25. If an operation was advised and declined, was the refusal unreasonable?

No 16

26. Do the Board recommend

(a) Discharge as permanently unfit, or
(b) Change to England?

quiring a report on the Pensioner named in the

closed herewith.

Pensioner will be notified to appear
before you on whatever date you find convenient.

If another Registered Medical Practiti-
oner is in your neighbourhood, or likely to be
there during the week, it is preferable that you
should both examine the Pensioner at the same
time, and both sign report.

The fee laid down by the Pensions and
Disabilities Board for such examination is one
dollar (\$1.00) for each Doctor for each examina-
tion.

I have the honor to be,

Sir,

To the Medical Board, or Medical Examiner.

The Pensions and Disabilities Board requires a report on the present condition of

2638 L/Cpl. H. T. Stone

The object is to enable the Board to decide the degree of pension, if any, to be awarded for the next ensuing year. To this end clear and decisive answers to the questions in the accompanying report should be filled in by the Board, as it is essential that the Pensions and Disabilities Board should be in possession of the most reliable information to enable them to decide on the man's claim to Pension.

Expressions such as "may", "might", "probably", &c. should be avoided.

On page 4 of this sheet will be found the scale of Pensions as proposed for Newfoundland, by the Patriotic Association of Newfoundland.

The identity of the Pensioner should be established, to prevent personation. For that purpose a description of the pensioner and of the Disabling condition is given below. Should any items be omitted we should be glad if you will fill them in on the second copy and return to us.

Apparent age 22 on April 29th., 1916

Height 5'11"

Colour of Eyes Brown

Colour of Hair Dark Brown

G. S. W. ABDOMEN (PENETRATING) V. 3 LAPAROTOMY

Condition August 28th., 1917. Two large soars over left lower ribs quite healed. A large scar result of operation in midline above umbilicus for which wears belt with pad. Scar over right chest resulting from abscess due to inoculation

Two copies of a Report Form are enclosed in order that you may retain a copy in case of loss of the original in the mail. Please return your report direct to me by Registered Post.

You will please forward also, under the description of the pensioner's present condition, his signature. Please have him affix this to the copy also which you retain.

Sympathetic consideration for the pensioner is desired, but at the same time self-help is to be encouraged in every way possible. The purpose of the pension may be defeated by lowering the independence and self-respect of the pensioner.
