Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. Nov. 26th 1915
10. Place of origin of disability. Sulva Bay

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

He states that during this Campaign he had his feet frost bitten but kept with the Battalion. Then later he found that his feet were getting more and more flat, till now they reach the third degree

12. Give your opinion as to the causation of the disability, stating whether in your opinion it is—

- (a) attributable to or aggravated by service during the present war, climate, or ordinary military service. (The specific condition to which it is attributed should be stated, see Notes on page 3).
- (b) constitutional or hereditary, and not aggravated by service during the present war.
- (c) attributable to or aggravated by want of proper care on the man's part, e.g., intemperance, misconduct, &c.

Attributed to strain of Active Service Conditions

na

na

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

His feet are flat (3rd Degree) Subside of scapoid, touching ground giving rise to pain when walking especially when carrying weight unfit for active service abroad

14. If the disability is an injury, was it caused—

- (a) In action?
- (b) On field service?
- (c) On duty?

20. Do you recommend—

- (a) Discharge as permanently unfit, or
- (b) Change to England?

Discharge as permanently unfit for Active Service.

John Capt. R.A.M.C.

Officer in medical charge of case.

I have satisfied myself of the general accuracy of this report, and concur therewith, except †

*Loss of teeth on or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The Rates of pension vary directly according to whether the disability is, (a) caused or aggravated by service in the present war, (b) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war; *yes*

(ii.) Climate;

(iii.) Ordinary military service;

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or

(v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it? *Strain of Active Service*

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent? *yes*

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degree of disablement should be expressed in the following percentages:—
100, 80, 70, 60, 50, 40, 30, 20, *less than*
20, or nil. *20%*

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—

(a) Discharge as permanently unfit, or *yes*

(b) Change to England?

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 144 of 1917, is any surgical appliance recommended?

30. Does the man require the constant attendance of another person?

I have to acknowledge receipt of your letter of the 24th inst., re War Service Gratuity. I might inform you that there is a Regulation governing payment of War Service Gratuities which does not allow of payment in a lump sum, the payments must be monthly.

We have had several such applications as yours, all urging very good reasons for such procedure, but I regret to say it has been found impossible to accede to these requests, consequently the same applies in your case.

I hereby enclose your Marriage Certificate as requested.
