(Other disabilities should be reported upon in answer to question No. 19).

"G. S. W. Flank. Abdomen"

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability.

9 July 17

10. Place of origin of disability.

Wente Near Ypres. Belgium

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

Wounded in the left flank, bullet went in towards direction of abdomen, metal was removed by laparotomy in France. From abdominal wall. Seen in 22<sup>nd</sup> Gen. Hosp, showed bullet at base of both lungs due to fluid in plural cavity. Thoracotomy 4 times. Recovered. Developed stich abscess in abdominal wall, 4 stiches were removed—two under anaesthetic. Wound of abdomen is healed up but there seems to be distension & weakness of scars on exertion

12. Give your opinion as to the causation of the disability, stating whether in your opinion it is—

(a) attributable to or aggravated by service during the present war, climate, or ordinary military service. (The specific condition to which it is attributed should be stated, see Notes on page 3).

Active Service

G. S. W.

(c) attributable to or aggravated by want of proper care on the man's part, e.g., intemperance, misconduct, &amp;c.

13. What is his present condition?

Weight should be given in all cases where it is likely to afford evidence of the progress of the disability.

General condition is good. The condition of chest is good. Latent complaints of a good deal of pain in upper part of abdominal scars. An abdominal belt is advised. The irregular character of abdominal wall is suggestive of fracture and adhesion.

14. If the disability is an injury, was it caused—

- (b) On field service?
- (c) On duty?
- (d) Off duty?

In Action

15. Was a Court of Inquiry held on the injury?

19. Give particulars of any other disabilities existing, but not in themselves sufficient to cause invaliding, and state whether they are attributable to or have been aggravated by service during the present war.

Opinion of the Medical Board.

NOTES.-- (i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war ;

(ii.) Climate ;

(iii.) Ordinary military service ;

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or

(v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

Yes  
No  
No  
Glad.

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

Yes

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:— 100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

100.

26. If an operation was advised and declined, was the refusal unreasonable?

vide 16

27. Do the Board recommend—

(a) Discharge as permanently unfit, or

(b) Change to England?

Yes

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

- (i.) Service during the present war;
- (ii.) Climate;
- (iii.) Ordinary military service;
- (iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or
- (v.) Whether it is constitutional or hereditary.

—  
—

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

—

23. Is the disability permanent?

—

24. If not permanent, how soon do the Board recommend re-examination?

—

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

100

Degrees of disablement should be expressed in the following percentages:— 100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—
