Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalidated, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

- (ii.) Expressions such as "may," "might," "probably," &c., should be avoided.
- (iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 1163 and 1165, Pay Warrant, 1913).
- (iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
- (v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

Active Service

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

Exposure to Wet & Coes.

21. Has the disability been aggravated by

(a) Intemperance? *No*

(b) Misconduct? *No*

(c) Any of the conditions mentioned in question 20, and if so, which?

22. Is the disability permanent? *No*

23. If not permanent, what is its probable minimum duration?

To be stated in months.

Two years

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Total at present

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, or total incapacity.

24A. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Insurance Act? *Yes*

25. If an operation was advised and declined, was the refusal unreasonable?

26. Do the Board recommend

(a) Discharge as permanently unfit, or

(b) ~~Change to England?~~

Yes

CHAIRMAN PENSIONS & DISABILITIES BOARD

Re 1531 Pte. J. Waugh

I take the report of the Grand Falls Doctors to mean that at present the pensioner is suffering no disability whatever from Nephritis. They have, however, said that the disability is probably permanent, which means that it may light up and cause him inconvenience at any time. I take it therefore that the report calls for no pension, and re-examination would occur only in case of exacerbation of the man's symptoms, causing him some disability. In case of this happening I presume he would apply to the Pensions Board, and be re-boarded.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1163, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

Mr. James T. Waugh,
Grand Falls,

Dear Sir:-

Your letter of August 9th. became mislaid in moving, and has only just turned up. I must apologize for delay in answering it.

The report of the last examination by the Medical Board is to the effect that your disability has disappeared for the present, and that you are employed at ordinary work.

In view of the disappearance of the disability and your apparent capability to pursue your ordinary avocation, the Pension and Disabilities Board considers that you are not entitled to a continuance of pension, and I have accordingly been instructed to make no further payments to you.

Yours truly,

Secretary

Mr. James T. Waugh,
Grand Falls,

Dear Sir:-

As the period for which your temporary pension was granted is about to expire, it is necessary to arrange for your re-examination, with a view to ascertaining the desirability of continuing your allowance or otherwise.

Dr. Chamberlain, of Grand Falls, has been appointed to make the necessary examination, and this is to instruct you to appear before him when he requests you to do so.

He will probably make a call for your attendance on him between March 8th. and 15th.
