The enclosed copy of a claim for travelling expenses incurred whilst on special leave travelling to and from Canada, raises the question as to whether any *Equal* concessions may be made to Officers under this circumstance.

It is understood from your letter 76, 11/12/17, that in such cases Officers pay their own passages. They are also not entitled to \$10.00, allowance for gratuities payable to Officers under C. L.11, 9/12/16, and are also not entitled to subsistence allowance of \$2.00 per day, granted to Officers on sick leave, see D. P. letter No. 193, 29/12/17.

This rule was applied in the case of Major J. W. March, who was granted special leave during the period, and also Capt. Nangle, C. F. attached to the 1st. Bn. who was granted leave to proceed to Newfoundland. In his case, pending your ruling, passage was paid provisionally, but has since been debited to his account. He continued to receive Mess allowance as an Imperial Officer attached, during the period of his leave, as in the case of Major J. W. March.

Your Excellency; -

Your favor of the 25th inst enclosing Major Montgomerie's letter, regarding my son's status in the NF Regt, received, and noted.

I beg to thank Your Excellency for the trouble you have taken, and to assure you, that I have not forgotten the Official announcement in the NF Royal Gazette of February 6th 1917, of my son's promotion to be temp Major, (as noted in the London Gazette of January 17th 1917,) to which was appended an extract from the Brigadier General's letter, which, Your Excellency, so very kindly had inserted.

I may add, that I sent a copy of the announcement to my son, telling him of the pleasure you felt at his promotion, and of your kindness in having the extract from the letter published.

I regret that in my letter of the 14th inst my meaning was not clear. What I meant to convey was,

that, although the Imperial Authorities had promoted my son to be temp Major, the NF Military Authorities had not followed up by Officially announcing, that they, in their own right, had given him his Majority in the NF Regt.

Major Montgomerie has answered the question, and I have to thank him for this insight into Military matters.

As requested I return herewith the Major's letter.

I have the honor to be,

Your Excellency's

H. D. Winkler

Department of Militia

St. John's, Newfoundland,

Sept. 24th. 1917. 191

From Officer Commanding,
Headquarters.
To His Excellency,
The Governor.

I return letter from Mr. H.D. Windeler to Your Excellency dated September 14th. with reference to his son, Temp. Major H.S. Windeler.

This Officer was promoted to Captain on April 20th. 1916. He was detached for special duty with a Machine Gun Company, and promoted to be temp. Major, as noted in the London Gazette of January 17th. 1917. The particulars of this promotion are noted in the Newfoundland Royal Gazette of date February 6th. In this Gazette was also noted a copy of letter from Brigadier General Inglis.

Mr. Windeler is therefore in error in stating that official publication of this promotion has not yet appeared.

It might be pointed out to Mr. Windeler that his son is an Officer in the Newfoundland Regiment and promotion in same can only take place as vacancies occur in the establishment.

While Major Windeler performed good service, the fact must not be lost sight of that other Officers in the Regiment have also performed gallant and meritorious services, and that substantive promotion can only take place in regular turn.

There are still in the Newfoundland Regiment Officers who left here with the first five hundred, and who, though senior to Major Windeler, only hold the rank of Captain in the Regiment, now in the firing line.

Major Windeler's special work has received recognition in that he has been promoted to a temp. Majority, and this fact has been officially recognised.

It would be unfair, however, to those Officers who have performed equally meritorious service, and who were among the original Officers to leave here, to recommend any special substantive promotion in the case of temp. Major Windeler.

The appointment of an Officer to temporary rank is brought about by the exigencies of the service, and the special duties he is called upon to perform, but he is liable at any time, to revert to his substantive rank when called upon to rejoin his own unit.

You might instance the case of Forbes Robertson who, though only a Captain in his own Regiment, was appointed

temp. Major and second in Command of the Newfoundland Regiment, and in Lt. Colonel Hadew's absence was appointed to Command the Regiment with the rank of temp. Lt. Colonel. While acting in this capacity he led the Regiment at the Battle of Monchy with great credit and earned the D.S.O. When, however, Lt. Col. Hadew returned temp. Lt. Col. Forbes Robertson reverted to his original position as second in Command and temp. Major.

An example such as this would undoubtedly serve to show Mr. Windeler the position which his son is now occupying, and that no injustice is being done to him. For a young man to have gone so far in, in itself, meritorious.

Montgomery
Major,
for Minister of Militia.

Dear Mr. Windeler,

I have been examining the question with regard to your son contained in your letter of the 14th instant.

I think the enclosed letter dated Sept. 24th from Major Montgomerie is a full and sufficient explanation of your gallant son's status in the Newfoundland Regiment. His promotion to Temporary Major appears in the Royal Gazette, and I published with it the eulogy from Brigadier General Inglis.

Kindly return the enclosure.

Sir Walter Edward Davidson K C M G.

Governor of Newfoundland.

Your Excellency;-

It is with much pleasure I learn of your appointment to the Governmanship of New South Wales, and beg to tender to Lady Davidson and yourself my sincere congratulation, at the same time offering an assurance of my deep regret that at the call of duty to the Empire, you are obliged to leave us.

Lady Davidson has been very kind to my daughter Cecil, and Your Excellency has always been cordial and frank to me, and furthermore, you have shown an interest in my son Harry.

As you are aware my son's Majority dates from January 1st 1917. He is O.C. the 93rd Machine Gun Coy, and at the taking of Beaumont Hamel in November 1916, his work met with the approval of Brigadier General Inglis, who sent him a personal letter, which I had the pleasure of showing to Your Excellency.

Though still attached to the NF Regt the Official announcement of his having attained his Majority in that Regiment has not yet appeared, and consequently were he incapacitated from further active service he would simply rank as Captain and the Imperial recognition be lost to him.

The lad has had no bolstering. By acting like a man in the face of the enemy, the Imperial Military Authorities have twice promoted him, first to a Captaincy, then to his Majority, and I would ask Your Excellency if this honorable recognition of his work by such high Authority, does not entitle him to rank Major in the NF Regiment?.

This is a matter I would ask Your Excellency to look into, and if possible adjust before bidding us good bye.

I would impress upon Your Excellency the fact, that, as regards this enquiry, I am acting entirely upon my own initiative. My son knows nothing whatever of my intentions in this respect, but I cannot reconcile present conditions with the knowledge, that he joined the NF Regiment with a 3 years course at the Royal Military College, Kingston Ont, (graduating as Lieutenant) to his credit; that by ability he has worked his way up, and in the opinion of the Imperial Military Authorities has made good.

I have the honor to be

Dear Sir:-

I must apologise for delaying so long in acknowledging your letter. The matters referred to by you have been under consideration for some time, but no decisions had been arrived at until recently.

With reference to your questions, I would say that if you should be re-attached to the Royal Newfound-land Regiment for demobilization, you will be retired with the Honorary rank of Major, and will receive gratuities of your present rank. Perhaps you have been able to secure a copy of the Regulations governing the War Service Gratuity. In case you have not, I might say that as regards your case, you will be entitled to one hundred and eighty three days' pay and allowances on demobilization. The first payment will be made on the day of retirement; following payments due on the 1st, 15th, 30th, 45th, 60th, 75th, 90th, 105th, 120th, 135th, 150th, 165th, 180th, 195th, 210th, 225th, 240th, Major S. Windale, M.C.,
46 Battalion,
Machine Gun Corps
B.S.F.

Dear Sir:-

I must apologize for delaying so long in acknowledging your letter. The matters referred to by you have been under consideration for some time, but no decisions had been arrived at until recently.

With reference to your questions, I would state that if you should be re-attached to the Royal Newfound-land Regiment for demobilization, you will be retired with the Honorary rank of Major, and will receive gratuities of your present rank. Perhaps you have been able to secure a copy of the Regulations governing the War Service Gratuity. In case you have not, I might say that as regards your case, you will be entitled to one hundred and eighty three days' pay and allowances on demobilization. The first payment due on the date of your retirement; following payments due at periods of 30 or 31 days thereafter. Pay and allowances covers: Pay, Field Pay, and Separation Allowance, if payable, but not allowances for operations and quarters, or cost of passage or maintenance allowance.

I trust that the above will satisfy your queries, and again express my regret that it has taken so long in coming to you.

Yours faithfully,

Lieut. Col.

Chief Staff Officer.

I should like very much a statement of my finances. I also understand now that you have not been depositing our pay in the Bank of Montreal and I, before leaving this, had signed cheques on this bank as follows

Dear Sir,

Reference your 5804/7 dated

27/12/16. my correct address is

France. I hear rumours that the

officers who went out to SUVLA BAY and

are still alive and are here, are to

be given enough leave to get back to

their homes for a short time. Sounds

too good to be true but thought I would

see if there was anything in it, as the

Imperial authorities are now giving a

in the Field two years.

Happy New Year.

2. Whether I was entitled to be gazetted 'Captain' from 23/11/16 instead of from 20/4/16.

Sir,

Army List.

Further to my No. 5004/104, 25/11/16, I have the honour to state that I have had a personal call from Captain H.S. Windeler, who informs me that he was originally a Lieutenant in the 59th Glengarry and Stormount Regt., Canadian Militia, was seconded to the 1st Newfoundland Regt. and understands that he has been gazetted as transferred to the Machine Gun Corps: this in accordance with the London Gazette published in "The Times", 15/11/16. He has supplied the following reference:

"Order No. 26, General Headquarters.
Appointments, Commissions and Rewards approved by
Commander-in-Chief, Mediterranean Exped. Force.
List No. 64, G.H.Q., Dec. 22nd/15.
Commands and Staff.

Lieut. H.S. Windeler to be temporary Captain while
Brigade Machine Gun Officer 88th Brigade, 29th Divn.
dating from Nov. 13th/15."

As stated in my No. 5004/104, the dates on the proof sheet enclosed therein were verified in accordance with the Newfoundland Government Gazette. Apparently this Gazette did not publish the within quoted M.E.F. Order, and it would appear that the list should be amended in accordance with the Order.

"A" Co., 48th Battalion,
Machine Gun Corps,
B. E. F.

Dear Windeler,

Your letter of February 4th has just reached me, as I have been away on leave. With regard to your transfer, I had hoped that by this time you would have forwarded the necessary application as suggested to you in my letter of November last. However, there were doubtless good and sufficient reasons for you not doing so at that time.

The 1st Battalion is now at Rouen, and will probably remain there until the Spring, when the entire Contingent, I hope, will be wafted to the sunny climes of North America.

The G.R.O. re the transfer of Canadian Officers serving with Imperial Units does not apply directly to us.

As regards the possibility of your joining the Regular Army, I understand that applications will be received by the War Office, but as there is a surplus of Regular Officers at present, and as it is not known how many of these will retire, it cannot be definitely stated how many direct how many regular commissions can be granted. I attach extracts from Army Order 247 of 1918, for your information.

Until I hear from you again, I shan't take any steps re your transfer, as at the time of writing you apparently thought the 1st Battalion were demobilized or demoralized, or something equally dreadful, and it may be that you will elect to be transferred to them rather than the 2nd Battalion. So put in your application for whichever you want, and we'll push it through. If you want to return to Newfoundland as any early date a passage can be easily arranged.

Hope all goes well with you and that we shall soon see again. No excitement here, pushed off 1100 to Newfoundland week, and are demobilizing a few at Winchester who want to

reside permanently in U. K.

Good luck, and let us know soon what you think you want.

Ever yours,

With sympathy

JF/S

Dear Windsor,

Your letter of February 21st has just reached me. I have been away on leave. With regard to your transfer, I had hoped that by this time you would have forwarded the necessary application as suggested to you in my letter of November 1st. However, there were duplicate good and sufficient reasons for you not doing so at that time. The fact that you are now at home, and will probably remain there until the Spring, then the entire command, I hope, will be transferred to the Army of North America. The G.R.C. re the transfer of Canadian Officers serving with Imperial Units does not apply directly to us. As regards the possibility of your joining the Regular Army, I understand that applications will be received by the War Office, but as there is a surplus of Regular Officers at present, and as it is not known how many of these will retire, it cannot be definitely stated how many direct how many regular commissions can be granted. I attach extracts from Army Order 247 of 1918 for your information. Until I hear from you again, I don't take any steps re your transfer, as at the time of writing you apparently thought the War Office were demobilized or demobilized, or something equally desirable, and it may be that you will elect to do this. I am sorry to hear that the War Office is not in a position to take you, and we'll go on it through. If you are to return to Newfoundland as my early date a package can be easily arranged. Hope all goes well with you and that we shall soon see you again. No excitement here, pushed off 1100 to Newfoundland last week, but are demobilizing a few at Windsor who want to

Exacts from ARMY Order 247 of 1918.

3. In addition to those granted under the above conditions, a limited number of permanent commissions as second lieutenants in the Regular Army (Cavalry, Royal Artillery, Infantry, and Army Service Corps) will be awarded each month, until further orders, to officers of the Special Reserve of Officers, the Militia, the Territorial Force or the Military Forces of the Overseas Dominions, and Officers holding temporary commissions in the Regular Army (other than those of the Royal Army Medical Corps and Army Veterinary Corps) who fulfil the following conditions:-

(a) Have completed not less than nine months service as an Officer of the Special Reserve of Officers, the Militia, the Territorial Force, the Military Forces of the Overseas Dominions, or as a temporary Officer of the Regular Army, including not less than 8 weeks service with the army in the field (unless invalidated from the front on account of wounds or sickness caused in and by the service).

(b) Have attained such a standard of general education as will enable them to perform the duties of Officers of the Regular Army in peace time, e.g. the standard for matriculation at a university.

(c) Have attained the age of 19.

(d) Be passed by a Medical Board as fit for General Service as an Officer of the Regular Army.

(e) Be specially recommended by the Commander in Chief of one of the Expeditionary Forces in the field, the General Officer Commanding the Forces in Great Britain, the General Officer Commanding the Forces in Ireland, or the Commander in Chief in India.

To be eligible for nomination by the General Officer Commanding in Chief, the Forces in Great Britain, or the General Officer Commanding in Chief, the forces in Ireland, a candidate must have been invalidated from one of the Expeditionary Forces on account of wounds or sickness caused in and by the Service, and must be recommended by the Officer Commanding the unit with which we served in the field.

Nominations will be made by the Commander in Chief of each of the Expeditionary Forces in the field, by the General Officer Commanding in Chief the forces in Great Britain, by the General Officer Commanding in Chief the Forces in Ireland, and the Commander in Chief in India on the 4th of each month.

4. Recommendations should be made on Form M.T. 315a (copies of which will be supplied to commanding officers on application to the Secretary, War Office, or to a Base Stationery Depot).

9. With reference to paragraph 3, when an officer desirous of a permanent commission has already been promoted to a rank higher than that of second lieutenant, his appointment to higher rank will be considered if specially recommended. As opportunities for granting commissions to rank higher than that of second lieutenant are not of frequent occurrence, only those officers should be recommended who have clearly proved themselves fitted for the duties of a higher rank in all circumstances. Each Officer's educational attainments should be taken into consideration, and should be stated in the recommendation.
